Public Meeting.

The Reason Why We Should
Support the Victory Loan.

A public meeting was held in the Oddfellows' Hall on Monday night to discuss the Victory Loan.

Mr. S. G. Jamieson took the chair, and the meeting was addressed by Mr. W. Cousin and Mr. Brown, of Brown's Limited, Medicine Hat, and Rev. Cook, Bow Island.

At intervals during the evening the proceedings were considerably enlivened by songs rendered by Mr. Ellington of Assiniboia Music Store, Medicine Hat, whose singing has on previous occasions been very much appreciated in Bow Island. Mr. A. Hulbert, of the Gerhard-Heintzman Piano Store, Medicine Hat, proved an able accompanist.

After a few introductory remarks by the chairman, Mr. Cousin took the platform and gave a very clear and concise explanation as to the reason why the Victory Loan had been launched. He had, he said, been travelling around the country a great deal in connection with the loan, and after his varied experiences was quite prepared to answer any enquiry relating to it. They all knew, of course, that the government had fixed a price on wheat, but unless the government in return could make the loan a success the wheat could not be purchased. Some people thought the British authorities were compelled to buy their foodstuffs in this country anyway. This, however, was a mistake. Australia had all that was required, but owing to the greater distance Great Britain preferred to purchase in Canada. The more the farmers helped with this loan, the more the British authorities could spend here. Relative to the security, he thought we could offer equally as good security as the States. Of course, they had more people over there, but as time went on and Canada increased her population our resources would be more greatly developed, and finally by this means he did not see any reason why our large debt could not be wiped off entirely by this means. Mr. Cousin stated that the loan was meeting with great success at Medicine Hat. On Monday a big procession was held and during the day some \$200,000 was raised. He impressed upon his hearers the benefits that would result from their subscribing. To the young men especially it was a fine proposition. Mr. Cousin concluded his address by describing several phases of the loan relative to the interest, different periods for which the bonds were to run, etc., and invited enquiries upon anything connected with it.

Mr. Brown stated he had not come prepared to make a lengthy speech as he had received but a very brief notice of the meeting. The subject, however, they were discussing was one of the most important that could possibly come before them and he believed every man should render all the assistance he could. He thought that in this, as in many matters, the towns and cities should get together and co-operate more one with the other. He did not think enough was done in this direction. This was the first time he had been to Bow Island in a public capacity, and he would like to take the opportunity of congratulating them upon the appearance of their town, and especially the country surrounding. He thought they were exceptionally fortunate in having such a fine class of farmers in this district. Mr. Brown paid a warm tribute of praise for the work Mr. Cousin was doing in connection with the Victory Loan, and thought his example should be largely copied. Everyone should realize the importance of this loan and subscribe as much as he possibly could. It did not matter to them what they did at Vancouver or at Halifax. What did matter to them was the amount they were going to raise in Bow Island. He was highly gratified

to hear that the local committee expected to raise about \$200,000 in this district. If they did that it would be one of the best records in the west. He recalled to them the state of affairs here in 1914, and how much the work of the government in relief was appreciated. Somewhere, he believed in the neighborhood of \$12,000,000 was loaned in relief. Now that the government was appealing to them he hoped they would respond as generously.

He was quite sure by the expressions he had heard that evening, that Bow Island fully realized the importance of the loan and the people of this district would do their part to the best of their ability. He had the day before visited a part of the south country and had there heard that one farmer was going to subscribe to the loan \$5,000, whilst another had signified his intention of lending \$1000. With this spirit prevailing in the country he believed they could with the least confidence look for a very satisfactory response. Mr. Brown, in conclusion, again brought up the matter of co-operation between the different towns, and the advisability of their getting together more than they had done relative to the purchase of wheat.

Mr. Cook followed with a characteristic speech of his own, in which he vigorously supported the principles of the loan, and during the course of his remarks introduced many little anecdotes incidental to the subject under discussion.

The meeting terminated with the singing of the National Anthem.

A Good Offer.

A good war map helps one to follow and understand the war news. The Family Herald and Weekly Star of Montreal offers a fine war map in four colors about 2 1/2 feet by 3 feet in a neat cover free of charge to all who subscribe to that great paper at \$1.25 a year. The map alone would cost as much as the whole charge in most stores. The Family Herald is greatly improved this year and is wonderful value. Its credit to Canadian Journalism it should be in every Canadian home at the price offered. \$1.25 a year, with the great war map free.

A New Privilege.

Finance Minister Announces that All Victory Bonds may be Registered.

The following announcement has been made from Ottawa.—The Finance Minister of Canada has issued a new instruction in connection with the Victory Bonds, which will be of much benefit and importance to many small investors. He has decided to grant the privilege of the registrations of all bonds, that is to say, that bonds of all denominations, including the \$50 bond, may be registered as to principal and as to principal and interest.

In previous loans the privilege of registration was necessarily confined to bonds of the larger denomination, such as \$1000 bonds or more. Bonds of lower denominations were issued as bearer bonds, with coupons attached, and while carrying equal benefits as to principal and interest were liable to being lost by the owners. Under the privilege now given by the Finance Minister, the buyer of any bond (whatever the denomination), may have it registered, in which case the interest will be paid by cheque, and the bond, if lost, may be replaced after proper evidence has been shown.

It is believed that this privilege will be greatly appreciated by many thousands of small investors, who will thus be assured of the absolute safety of their investment even against fire or carelessness or any other accidental cause of loss. This improvement in the issue will involve extra work upon the Department of Finance, but Sir Thomas White considers that its benefits will more than offset the labor involved.

Wedding.

A marriage of considerable interest took place at high noon on Wednesday, in the presence of a large circle of friends, when Miss Stella Agar, daughter of Mr. and Mrs. J. R. Agar, First Avenue, became the bride of Mr. Arthur Mack, Rev. Bishop officiating. The wedding was celebrated at the house of the bride's parents which was beautifully decorated for the occasion. The bride entered the drawing room on the arm of her father to the strains of the wedding march played by Mrs. Rose, as the family clock pealed out the hour of mid-day, looking very modish in a wonderful creation of white satin, carrying a bride's bouquet of white roses and foliage, and wearing the conventional veil gracefully draped and caught with orange blossoms. The bride and groom were unattended. Immediately following the ceremony a delicious buffet luncheon was served, Mrs. A.

F. Werts pouring tea and Mrs. R. H. Robertson cutting the loaves.

The many beautiful gifts received were evidence of the high esteem in which the bride and groom were held by their numerous friends. Mr. and Mrs. Mack left on the afternoon train for their honeymoon at the mountains and upon their return will reside on Olgivik Street.

Thanksgiving Service at All Saints

The harvest Thanksgiving Service held at All Saints' Church on Sunday evening last was attended by a large congregation. The service was bright and cheerful and the congregation joined most heartily in the singing of the special hymns chosen for the occasion. The church was beautifully decorated, the altar being adorned with cut chrysanthemums and roses.

ST. THERESAS' ACADEMY MEDICINE HAT, ALBERTA

This well known boarding school, which is conducted by the Sisters of St. Louis will extend its teaching curriculum to embrace all grades up to and including the twelfth.

The new syllabus will go into effect on Monday, third December, 1917.

The Academy in consequence of the ever increasing patronage which it is receiving has increased its teaching staff by four more highly qualified and properly certificated Sisters.

In addition to the usual High School subjects, special attention will be given to instruction in the French language by native French Speakers.

A special class for French will be conducted each Friday afternoon from two o'clock to four.

While the Institution primarily exists for the education of the children entrusted to the charge of the Sisters, day students of any age are welcome to the special courses in French and music.

Address all communications to St. Theresa's Academy, Medicine Hat.

while in other parts of the sacred edifice the ladies of the church had arranged varieties of fruits and vegetables in a most pleasing manner. The sermon was preached by the Rev. G. Herring, who based the subject of his discourse upon the very appropriate one of "Praise." Failure to face boldly our religious difficulties, said the preacher, was at the root of much religious indifference and inactivity. Why should God desire to be praised? Did it not seem selfish on the part of the Creator? So many of us might ask. That was Praise. Where belief and love are there is praise. His selfishness and unbelief always prevent it. Then too, God wants praise for our sakes, as a Father looks for response from a child. How many of us never make any response at all. We should be better men if we did, that was sure. The preacher considered with an appeal to stir the imagination, that we might realize more and more the goodness of God and that our possessions should rather provoke us to glorify Him than to blind us to His very existence.

Self absorption was the death of an old Saint, "for every one look at ourselves we should give nine looks at God."

ANNUAL MEETING.

Notetakers are reminded that the annual meeting of the town takes place on Monday, November 20th, when the members of the Town Council together with the School Trustees will be on hand in the Oddfellows' hall to render an account of their stewardship. No very important measures have appeared this year to agitate the community, but nevertheless residents of the town should take this opportunity of appearing to get a direct report of the work done by their representatives during the year.

Don't forget the Hollinhead concert at the Majestic to-morrow (Saturday) night. It's one of the best things introduced here.

J. M. Sandy is making arrangements to hold an auction sale at his farm at an early date. Watch for this announcement in a future issue of the Times.

Miss Evelyn Lindwall accompanied her uncle, G. P. H. Applequist, on Tuesday morning on his return to Kingsburg, California, where she will remain for a time to undergo a course of study.

W. J. Maxwell, with his two daughters, Misses Millie and Jane, returned from Atlantic City, last Wednesday. Although they had a very enjoyable time, but notwithstanding all were glad to get back to Sunny Alberta.

Messrs. Kerr & Caughy commenced the auction on Tuesday of their new garage. As already announced, this is being erected on Main Street nearly opposite the Majestic. It will have a two-story front and will when completed measure 120x40 feet.

W. O. Lyons attended on Saturday and Sunday last the quarterly conference of the Church of the Latter Day Saints at Raymond. A big attendance of about 1200 or 1300 was recorded and much interest was evinced in the proceedings. One of the most important subjects to come under discussion was the question of subscribing to the Victory Loan, and it was unanimously decided to raise as much as they possibly could for this purpose. In fact the matter was taken up with so much enthusiasm that it is expected an approximate amount averaging \$50 per head will be easily raised in the district.

The draw for the cow kindly

donated by Joe Kumbetz to the Patriotic Fund took place at the Majestic on Monday night, in the presence of one of the largest crowds ever assembled in this popular theatre. Altogether, about 500 tickets were sold and a total sum realized therefrom of \$252.50. The draw was undertaken by a little girl, and the lucky number fell to A. W. Owen. The latter in his turn immediately offered it back, and at the auction which followed Geo. Lomas bid the animal in for \$81. This latter sum it was decided to hand over to the Red Cross. At the conclusion of the proceedings hearty words of thanks were accorded Joe Kumbetz for donating the cow, and to Messrs. Sandy and Heatherley for the splendid show put on by them in connection with the draw, and which was given by them in aid of the project. The whole thing was very well arranged, and great credit is due the organizers as well as to those who so freely and so generously offered their services in connection with the matter.

Bazaar at St. Michael's.

As was reported in a previous issue, a more detailed account of the bazaar held in St. Michael's Hall, Bow Island, on October 26 and 27, would be given last week, but unfortunately these were not obtainable soon enough. A summary, however, of the proceedings are now given.

The bazaar was opened by a grand concert on Friday evening, and all who took part acquitted themselves to perfection. Rev. Father Fitzpatrick of Medicine Hat captivated his audience by the masterly way in which he unfolded the different phases of the war. All were highly pleased with his interesting lecture, so much so that we hope his visits to Bow Island will be more frequent in future.

On Saturday evening an excellent and appetizing supper was served by the Catholic Ladies of Bow Island and vicinity. They are to be congratulated upon their hearty co-operation in supplying such an abundance of good things to satisfy the healthy appetites of the eager crowds that thronged the tables.

Following the supper a voting contest was held for the most popular young lady, the contest being won by Miss Dolly Rowe of Burdett, who far surpassed all her competitors in the popular vote.

The fancy articles took the eye of many of the enterprising men of the neighborhood, who by their bidding showed their appreciation of the good work done by the ladies who had so energetically undertaken the task of making them.

The auction sale was carried out very satisfactorily by Messrs. Roy Beattie and Maurice Gibbons, who contributed greatly in making this part of the proceedings the great success it was.

The winners in the drawing were announced as follows:—1st prize, here, donated by Mr. August Livinski, won by Mr. Jas. E. Murphy, Bow Island.

Second prize, \$40 in gold, donated by the Knight of Columbus, won by Mr. J. McCassey, Chicago.

Third prize, Yorkshire pig, donated by Mrs. M. Howe, won by Miss K. Palmer, Winnipeg.

Fourth prize, fancy embroidered lunch cloth, donated by the ladies of the Alter Society, won by Mr. N. Pandian, Bow Island.

Fifth prize, \$10 in gold, donated by Mr. F. Moerke, won by Mrs. J. R. Fortune, Bow Island.

Food Control.

Ninety per cent of the food consumed in Canada passes through the hands of our women. There is, then a great responsibility resting upon them to conserve supplies needed or created and to utilize perishable foods. Waste in all its many forms should be regarded not only as a sin, but as actual disloyalty in war time. It is important that sufficient and nourishing food should be provided, suited to the needs of the different members of the family.

Arbitrary rules in this case are of little value but the principle is of general application,—that the women in the home can do so many important patriotic service by guarding against waste. The question of substitution is very largely in their hands. A little saving in every home, when multiplied by all the homes in the Dominion, would mean a very large amount of food products saved for the soldiers.

You may feel that you do not need to sign the Food Pledge—that you will save all you can without it. But how about your neighbor? The actual pledge may help her to remember the duty of food service. The housewives of Canada, pledged to food service, and living up to their pledges, will be a powerful factor in the struggle against Germany and against starvation.

A by-law was then put through appointing a returning officer for the ensuing municipal elections.

A Worthy Example.

We Canadians and Americans are all so immersed in the war and its being successfully carried on, that we seldom stop to enquire what the neutral thinks about it. We can talk about the Canadians and the Americans on one side and the Germans on the other, but we seldom trouble to place the neutral.

A little instance which tends to show where the neutrals stands came to light last week when a man who is by birth a Swede walked into the newspaper office at Vulcan and began enquiring about the new Loan as he wanted to buy for himself and for his wife. He was going to make her a present of the bonds when Christmas came around. Having obtained the information he went to the local se-
